Tax Exemption Overview

The following is an overview of the sales tax exemption forms that we need for certification of exemption.

Tax Exempt Accts:

- If you are a tax-exempt organization, we need your **Permanent Exemption Certificate**.
- If you buy stock for resale, we need your **Tri-Annual Resale Certificate** filled out and SIGNED. The State of Maine changed the form to make it tri-annual. If we do not have this form on file, we must charge and collect tax until we do. We are unable to reverse tax billed. If we do not have your new annual certificate by December 31st each year, your account will revert to being taxable and we will be unable to reverse tax billed as of January 1st of the new year.
- If you are a manufacturer and use our products in that, then we need an **Industrial Users Blanket Certificate of Exemption** or a **Direct Pay Permit** for tangible personal property.

Contractors:

- If you are a contractor doing a job for a tax-exempt organization then we need a **Contractors Tax Exempt Purchase Certificate** filled out & SIGNED by you and a copy of the organizations **Permanent Exemption Certificate**. Note: Tools, poly, and consumables are still taxable.
- We need job names at time of sale, so that it will be written on our invoices. If the job name is not on the invoice then we need written certification that the invoice is for a tax-exempt job.
- If we ship materials out of state it is non-taxable, but if you send them out of state then we have to charge tax.
